METRON'S CAPACITY PLANNING SOLUTION, ATHENE, SELECTED BY LEADING US FINANCE ORGANIZATION

23rd October 2007, Taunton, Somerset, UK: Metron announces that a well-known and long-established company involved in the secure electronic transfer of money and more recently in the rapidly expanding e-commerce sector, has selected and installed its Athene capacity planning system to monitor its data centers throughout the USA.

Athene is now being used, continuously, at data centers in Nebraska, Colorado, Texas and Maryland. Amongst other roles, the product is responsible for providing detailed information on system utilization – both now and into the future – in order to plan for additional hardware purchasing.
